

Springfield Airport Authority

ADDENDUM NO.1

TO: All Potential Bidders

PROJECT INFORMATION

Project Name: Perimeter Fence Repair

Owner: Springfield Airport Authority

Date of Addendum: 08/17/26

NOTICE TO BIDDERS

This Addendum serves to clarify the scope of information in the request for proposal dated August 7, 2026.

This addendum forms a part of and modifies the Request For Proposals (RFP) dated August 7, 2026.

REASON FOR ADDENDUM

Clarification with respect to item 2 of the scope "The Contractor shall maintain a secure airfield perimeter throughout the duration of the project"

Temporary construction fencing is an acceptable method to maintain a secure airfield perimeter. Temporary construction fence should be a minimum of 8' foot tall. Barbed wire is not required.

There is no change in the time, date or location at which the RFP is due.
