

## **Acquire Aircraft Preconditioned Air Unit**

### **Addendum 1**

Exhibit A Specifications: Change the approximate length of the delivery hose from 100' to 150'. The hose storage options and hose reels may possibly be mounted on the opposite side of the PBB from where the PCA unit is stand mounted.

New Item Added to Exhibit A Specifications: Provide an optional bid for hard ducting to be mounted on the side or bottom of the PBB, approximately 75'. Provide 75' of flexible delivery hose with the intention of mounting the basket or reel in the area of the lift column. Options may be listed on the lines provided on page 8 or additional pages if needed.
